

Pacific Cancer Care

Advanced Treatment. Personalized Care.

September 17, 2026

Dear Patient,

After many rewarding years of caring for patients in our community, I have made the decision to retire from the practice of medicine.

This decision comes with mixed emotions. It has been one of the greatest privileges of my life to serve as your physician and to be entrusted with your health and well-being. Whether we have known each other for many years or have met more recently, I am sincerely grateful for the confidence, trust, and partnership you have placed in me throughout our time together.

Caring for patients has always been far more than a profession for me. It has been a meaningful opportunity to build relationships, share important moments, and work alongside individuals and families through both challenges and successes. I have been continually inspired by the resilience, courage, and kindness of the people I have had the honor to serve.

While I look forward to the next chapter of my life, leaving patient care is not an easy decision. The relationships I have built over the years have been deeply meaningful, and I will always cherish the memories and experiences we have shared.

Please be assured that Pacific Cancer Care remains committed to providing you with the highest quality care. The practice will continue to support your healthcare needs and will work to ensure a smooth transition of your care. If you have upcoming appointments, treatment plans, or questions regarding your ongoing care, our team is available to assist you.

I want to express my heartfelt appreciation to every patient and family member who has allowed me to be a part of their healthcare journey. Thank you for your trust, your partnership, and the many kindnesses you have shown me over the years. Serving you has been a true honor and one of the most rewarding experiences of my career.

I wish you and your loved ones continued health, happiness, and peace in the years ahead.

With sincere gratitude,

John Hausdorff, MD
